

PRINT DESIGN & CORPORATE PRINT MATERIAL

To have a complete brand identity, your business may require business cards, letterheads, flyers, advertisements, and other types of promotional material. At CryoDragon, we are not only capable of helping you design the graphics for your print material, but we work with you to make sure that you are sticking to your branding guidelines.

Our print design services are based on an hourly rate of \$80 + HST. Please note that we only provide design services and not print production services.
